MATSUYA

I've been told there's a lot of Matsuya being for old men and so far it checks out

OLD MEN COUNT: IIII / IIII

it's really good though. here the pot for garlicky gyoza soup

← a bit low on garlicky gyoza

"fashion" dress in Japan -
completely according to
context dictated by whom?

↳ so fun to people watch,
as type of dress is very
expressive AND whished
even in diff neighborhoods
(who said individuality was dead?)
* NOT for salarymen so
much, probably.
↳ layover + accompanying is
very respectful
